

Jade Allen joins 20-20 Fusion's dynamic sales team

20-20 Fusion, the UK market-leader in design and visualisation software, is delighted to announce the appointment of Jade Allen as its new Area Sales Manager for the North of England.

Jade comes from a sales background, having worked for a Manchester-based PR agency where she learned the value of nurturing strong business relationships with clients and customers. Coupled with her local knowledge, this makes Jade the ideal candidate for taking the 20-20 Fusion message to retailers and manufacturers throughout the North of England.

Jade comments, "It's an honour to join a vibrant company with such a focussed sales strategy. My aim is to build trust and confidence in 20-20 products with both new and existing customers. I'll be responsible for driving sales of all Fusion products, and I'm particularly looking forward to showing customers our exciting new Fusion Bathrooms programme. If they don't know about it yet, you can guarantee they soon will!"

Craig Rothwell, Managing Director of 20-20 Fusion says, "It's a pleasure to welcome Jade to the sales team. Her PR background provides the perfect springboard for success in these new and exciting times of growth for 20-20 Fusion. We look forward to seeing the impact she makes on growing brand and product awareness in the North of England."
